The Lew Electric PUR15-S is a round countertop two power and 2 charging USB pop up with stainless steel top. The power outlets are 15 amps while the USB are shared 3.6A, they are smart USB charging ports and automatically adjust to the power needed of

Product Description

The Lew Electric PUR15-S is a round countertop two power and 2 charging USB pop up with stainless steel top. The power outlets are 15 amps while the USB are shared 3.6A, they are smart USB charging ports and automatically adjust to the power needed of the device being charged. The pop up is IP54 spill proof rated making it an ideal choice in kitchens, bars, restaurants, airports, or anywhere you need power in wet or potentially wet areas. The PUR15-S mounts in your countertop and features a stainless steel top, when pressed the unit pops up and exposes your 2 15 amp tamper resistant power outlets and 2 USB charging ports.

The spill proof top is IP54 spill proof rated, there is also a gasket under the bezel to keep liquid from entering. The Lew Electric PUR15-S is a perfect solution when you need hidden power in wet locations or need protection against spills.
