

Lumens: 70

Power Requirements: 3 AAA Batteries

Includes: 3 AAA Batteries, (3) Attachment Options – 1 nylon headstrap, 1 rubber hard hat strap, 1 3M™ Dual Lock.

Versatile headlamps that allows hands free lighting in certain industrial uses and can be worn with or without 3M™ Hard Hats. These water-resistant hard hat mounted headlamps are popular for a wide range of indoor/outdoor industrial lighting applications.

- Includes three AAA batteries and three attachment options – nylon headstrap, rubber hard hat strap, 3M™ Dual Lock
- The rubber headband provides a secure attachment for the headlamp to most 3M™ hard hats
- The 3M™ Dual Lock fastener works well for securing the headlamp to many hard hat designs and materials
- Securing the headlamp without a strap reduces interference with earmuffs and other hard hat attachments
- The nylon headband allows the lamp to be worn by the user without wearing a hard hat
