83 Series 2 Weatherproof

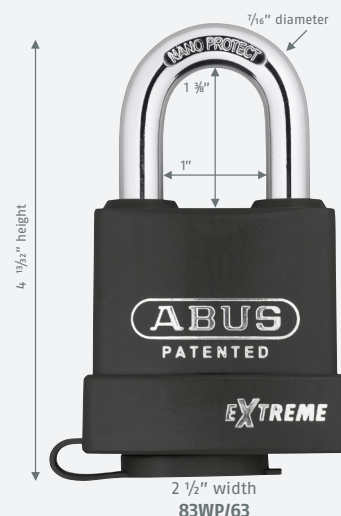

Weatherized Steel

ABUS 83 Series Weatherproof padlocks come with a fully weather protected body and rubberized shackle seals to keep water and dirt from entering through the top of the padlock. The cylinder is protected from the harsh outdoor elements by an easy-to-use weather cap. The solid steel lock body provides superior protection from physical attack. Perfect solution for outdoor security.

Key Features

- Body made from hardened steel with NANO PROTECT™ coating
- Special alloy steel shackle with NANO PROTECT™ coating, also available in different heights
- High-precision, pin-tumbler cylinder with patented pinning window
- Cylinder can be taken out and can be rekeyed to match an existing key
- Durable weather cover with drainage system
- Can be eyed into many popular security keyways
- Padlock can be ordered without shackle and/or without cylinder to customize lock
