Catalog ID:	4157-DC
UPC Number:	78174794157
Description:	Mighty-Merge® Transition Fittings. EMT to AC/MC Coupling
Application:	Set Screw type transitional fitting ideal for commercial and institutional facilities. The 4157-DC is used to securely join EMT to two armored or metal clad cables and 3/8" flexible metal conduit. New and Improved: Now features a tapered body and a rivet to separate cables during installation. A labor savings, compared to the traditional junction box or fitting assembly installation. When using AC/MC/FMC cable simply remove the armor and expose the conductors to the desired length needed to reach the device box or enclosure. The inspection holes will provide a visual end stop for the cable or flex conduit. The use of anti short bushings is recommended. Tighten the steel strap screws between the armor convolutions, and for the 3/4" EMT conduit. Patented.
EMT Size in Inches:	3/4
Cable Size:	14/2 (.44" 0 min) to 10/3 (.66" 0 max) AC/MC/MCIA/HCF/HCFMCIA and 3/8" FMC
Material:	Zinc Die Cast
Product Note:	Dry Location
Certifications & Codes:	
UL File Number:	c-UL-us, E20534
UNSPSC:	39131707
Patent Number:	D581,877; 7,402,752

Dimensions in Inches:

- Dimension A in Inches:** 2-3/8
- Dimension B in Inches:** 1 3/4
- Dimension C in Inches:** 1 3/16
- Dimension D in Inches:** 5/8
