

# ISO Low Voltage Insulators, Imperial Thread – ISO3-14-12 (559695)

- Great stability of electrical and mechanical parameters
- High resistance to leakage current
- UL® Recognized in E125470 and evaluated for dielectric withstand rating of 1,500 VAC/DC
- Halogen free
- RoHS compliant

|                     |   |
|---------------------|---|
| Part Number         | ISO3-14-12                                |
| Article Number      | 559695                                    |
| Material            | Glass Fibre Reinforced Polyester<br>Steel |
| Finish              | Electrogalvanized                         |
| Working Temperature | -40 to 266 °F                             |
| Flammability Rating | UL® 94V-0                                 |
| Height (H)          | 3 1/4"                                    |
| Hex Width (W)       | 2 1/2"                                    |
| Depth (D)           | 2.89"                                     |
| Thread Size (TS)    | 1/2 UNC                                   |
| Thread Depth (TD)   | 5/8"                                      |
| Diameter (Ø)        | 2.06"                                     |
| Insulation Voltage  | 4,500 VAC                                 |
| Static Load 1 (F1)  | 4,000 lb                                  |
| Static Load 2 (F2)  | 1,400 lb                                  |
| Unit Weight         | 0.907 lb                                  |

| Part Number                 | ISO3-14-12  |
|                             | RoHS        |
| Standard Packaging Quantity | 10 pc       |
| UPC                         | 78285658337 |

Creepage and clearance distances need to be in accordance with the relevant application standard.

UL, UR, cUL, cUR, cULus and cURus are registered certification marks of UL LLC.

**WARNING**

Pentair products shall be installed and used only as indicated in Pentair's product instruction sheets and training materials. Instruction sheets are available at [erico.pentair.com](http://erico.pentair.com) and from your Pentair customer service representative. Improper installation, misuse, misapplication or other failure to completely follow Pentair's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
