

Catalog No. SABAG1

Description: SPECTRA RMS BELL ALARM SWITCH

UPC No 783164211979

Products > Circuit Breakers > Accessories

All Spectra RMS circuit breakers from the SE150 through the SK1200, including instantaneous trip Mag-Break motor circuit protectors and molded case switches, use the same UL listed field-installable internal accessories that do not require cover removal to install. The bell alarm switch provides remote indication of whether the circuit breaker has been tripped via open or closed SPDT switch elements, but remains unchanged during "On/Off" circuit breaker operation and during operation by the push to trip button.
