

Trust your system at every angle.

The IronRidge Tilt Mount System supports a wide range of solar module tilting angles, while also resisting the extreme wind and snow forces experienced over a building's lifetime.

Every component has been carefully engineered and rigorously tested, and the entire system uses only aluminum and stainless steel materials to resist corrosion.

Roof Friendly

Lightweight and compatible with industry-standard attachments.

PE Certified

Pre-stamped engineering letters available in most states.

Strength Tested

All components evaluated for superior structural performance.

Design Assistant

Online software makes it simple to create, share, and price projects.

UL 2703 Listed System

Meets newest effective UL 2703 standard.

20-Year Warranty

Twice the protection offered by competitors.

XR Rails & Tilt Legs

XR Rails

Attach directly to Tilt Legs. Available in three targeted sizes to support specific wind and snow loads.

- Unique curved profile
- Spanning capabilities up to 12'
- Clear and black anodized finish

Tilt Legs ☺

Tilt assembly to desired angle, up to 30 degrees. Kits include South and North Tilt Leg and all hardware.

- Available in multiple lengths for a wide angle range
- Assembled South Tilt Legs include angle indicators
- Legs are electrically bonded to rails

Clamps & Grounding

UFOs ☺

Universal Fastening Objects secure and bond modules to rails.

- Fully assembled and lubricated
- Single, universal size
- Clear and black finish

Stopper Sleeves ☺

Snap onto the UFO to transform into a bonded end clamp.

- Bonds modules to rails
- 6 different sizes
- Clear and black anodized finish

Grounding Lugs ☺

Connects Tilt Mount system to equipment ground.

- Low profile
- Single tool installation
- Mounts in any direction

Accessories

Bonded Splices ☺

XR Rails use internal splices for seamless connections.

- Self-drilling screws
- Varying versions to match rails
- Forms secure bonding connection

End Caps

Provide a finished look for rails while preventing debris buildup.

- Easy snap-in installation
- Varying versions to match rails
- UV-stabilized polymer

Wire Clips

Organize electrical wires from the rail's top slot.

- Simple snap-in installation
- Holds up to ten 5mm wires
- UV-stabilized polymer
