14" (356 mm) Cable Bender

Cat. No. 50402

Product Features

Forged, one-piece steel construction for exceptional durability and high strength to meet the most demanding job requirements.

Head is angled 22° for ease in bending cable in tight, hard-to-access places.

Corrosion-resistant, black-oxide finish with heavy-duty orange double-dipped plastic handle.

Handle is contoured for a firm, comfortable grip.

It is recommended that two benders be used for easier bends.
