## Fall-Arrest Harness

### Cat. No. 87020

#### Product Features

*Durable 1-3/4" (44 mm) Type 13, or equivalent, nylon webbing harness construction.*

*Tongue buckles with grommeted leg straps provide comfortable fit over a range of sizes.*

*Waist strap has friction-style buckle for adjustments over a continuous range of sizes.*

*For workers who also need positioning in addition to fall arrest, this harness allows insertion of an existing positioning belt. Belt inserts through 5" (127 mm) backstrap loops on the harness.*

*Friction slide adjusters hold shoulder straps in place so the user does not need to readjust for each use.*

*Fall-arrest D-ring with roller. Drop-forged circle D-ring has corrosion-resistant finish, wear-minimizing roller, and is proof-loaded to meet OSHA regulations. Easily adjusts for proper fit and function.*

*Fall-arrest D-ring with roller. Drop-forged circle D-ring has corrosion-resistant finish, wear-minimizing roller, and is proof-loaded to meet OSHA regulations. Easily adjusts for proper fit and function.*

*Seat strap adds extra comfort and support.*

*Fall-arrest harnesses are designed to arrest free falls and distribute impact forces over thighs, pelvis, chest and shoulders as required by OSHA.*

*Identity and warning tags and/or labels are reminders of proper application and inspection procedures. The Klein name, model, date of manufacture and OPE-system application symbol(s) are permanently and clearly inscribed on these tags and labels.*

*Harnesses are certified and compliant with ANSI and CSA requirements.*
