TONEcube - Tone Generator

Cat. No. VDV500-051

Product Features

Professional series tone generator for wire tracing in common wiring systems.

Five discrete tracing tones selectable by tone switch.

Tone auto-off after 1.5 hours.

Constant output level over useful battery life.

Heavy duty leads with rugged dual-mode modular plug for direct connection to both RJ11 & RJ45 jacks.

Momentary slide switches prevent accidental operation.

Modular plug for direct connection to phone jacks.

Alligator clips for wire connection.

Designed for use with Klein VDV test tools VDV526-054, VDV500-060.

Works with many other manufacturers' analog tone probes.
