Brand Features

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

Item Description

Flexible Rope Eye, Closed Mesh, Single Weave, Light Duty, Pulling Wire Mesh Grip 3.00 - 3.49 Cable Dia.Range, Medium Length

Material Specifications

Grip Material: Galvanized Steel

Mechanical Specifications

Duty: Light

Eye Type: Flexible Rope Eye

Mesh Style: Closed

Weave: Single

Mesh Length: 30

Approx. Break Strength: 16,200

Workload Safety Factor (lbs):
3,240

Cable Range: 3.00 - 3.49

Standards and Certifications

Standards and Certifications: CSA

Warranty: 2-Year Limited

ABOUT LEVITON

Leviton is the smart choice, delivering the most comprehensive range of solutions to meet the needs of today's residential, commercial and industrial customers in more than 90 countries across the globe. From simple switches and receptacles, to networking systems and smart home automation, Leviton exceeds market needs by delivering innovative products to create sustainable, intelligent environments through its electrical wiring devices, network and data center connectivity solutions, LED lighting and lighting energy management systems, and security and automation applications. For Leviton, it is clear the FUTURE IS ON.
