

18 Volt Battery Value Pack 48-11-2232

The 18V NiCd 2.4Ah battery works with all 18V NiCd and V18 tools (excludes models 1108, 3108, 5364, and 6516). Milwaukee only uses the highest quality cells for their battery packs, which provide ultimate performance and long life. The new 2-pack saves money when compared to purchasing battery packs individually.

FEATURES

- 2.4 amp hour capacity for longer run time
