

CK250 Air Turbine Kit for Central Vacuums DISCONTINUED

Overview

This NuTone tool set offers cleaning power with non-motorized accessories. All the attachments work with the central vacuum's airflow. CK250 provides a convenient assortment of popular attachments and a handy storage bag packaged to meet your most common cleaning needs. Now you can get the vacuuming done faster and spend more time doing what you enjoy.

- 30-foot long, low voltage crushproof hose (CH235) features a rotary control and on/off switch to regulate the power unit to make the task of vacuuming a little bit easier; lightweight and crushproof, the hose springs back to retain its original state if it is accidentally stepped on or caught in a door ensuring long lasting life
- Turbine Brush (CT350B) removes up to 38% more embedded soil than other floor turbines, as tested per ASTM F1284 method (a laboratory test evaluating carpet embedded dirt and removal effectiveness), giving you the confidence of clean and no worries over accidents like tipped plants or spilled flour. Air driven brush allows reliable and consistent power, without being electrically driven, while providing superior pick-up easily and quickly at a moment's notice so you can get on with your day
- Standard combination floor/rug tool (CT140G) with wide 10-5/8" head provides edge to edge cleaning that covers more surface area in a single stroke of the wand, getting the job done more quickly with less work; single pedal mechanism quickly adjusts as you move from hard surfaces to carpets, for continuous performance on multiple surfaces
- Two stainless steel button lock wands (CT132G) ensure a secure fastening each time, every time for extended length, so the wand stays connected as you work
- Unique design of the clip-on Tool Caddy (CA101G) enables you to keep three wands at hand, allowing you to pick the best tool for the job at a moment's notice
- Hard plastic dusting brush (CT102G) with soft natural bristles provides gentle cleaning for delicate surfaces
- Upholstery tool (CT106G) has a slide-on/slide-off brush with natural bristles to deep clean fabric and furniture by sucking up hidden dirt, pet dander, and other allergens to maintain a clean and healthy home
- 9" length of the Crevice tool (CT111G) gives you added reach to get into tight spaces; its clipped end ensures uninterrupted performance and continuous air flow
- Soft, durable fabric hose sock (CA130) protects the vacuum hose and will prevent scratching the corners of walls and marking furniture as you move around the room, so you don't have to move furniture or worry about walls
- Convenient storage bag lets you keep all your tools organized and at hand; nothing gets lost and you can pick the best tool for the job at a moment's notice
