9999 SC2

Class 9999 cover-mounted push button, selector switch and pilot light control unit kits can be easily field installed in a NEMA 1 or 12, Type S contactor or starter enclosure cover. Knockouts or removable closing plates are provided with many enclosure covers for convenient field installation of control units. Kits are supplied with leads and clearly illustrated instructions. The Class 9999 cover-mounted control unit kits are identical to the factory-installed units.

Push button kits for NEMA 1 enclosures

(1) For Class 8903 Type LX, NEMA 12 control unit kits, refer to the Class 8903 section.

(2) To mount a control unit in a NEMA 1 enclosure, a Class 9999 Type BLX bracket is also required.

(3) Also requires N/O auxiliary contact for holding circuit contact when used on Class 8903 electrically held lighting contactors.
