

DCE350M2 20V MAX* DIELESS CABLE CRIMPING TOOL KIT

The DEWALT Dieless Crimper (DCE350) features a universal 4 pusher design and crimps #8 – 750 MCM Copper and Aluminum cable and connectors. An innovative head design with guard rails helps to protect crimping head when crimping small diameter cable. A 360° pivoting head allows the crimper to maneuver in tight spaces. Forward and reverse triggers offer convenient one-handed operation. The tool features Crimp Connect™ software, an onboard intelligence system integrated into the tool that provides detailed reports of date, time, force, and successfully completed cycles of the crimps completed by the tool. Crimp Connect™ software also reports on tool calibration and service history. An integrated LED interface is used to communicate power on or power off, battery state of charge, successfully completed cycles of the crimps completed by the tool, and if recalibration or service is needed. A bright LED light helps to illuminate the crimping area when working in dark spaces. The tool also includes attachment points and a shoulder strap for convenience when transporting it around the jobsite.

FEATURES & SPECS

FEATURES & SPECS

FEATURES

- #8 - 750 McM Cu / 750 Al crimping capacity for copper and aluminum cable and connectors
- Onboard diagnostics indicates battery state of charge, successfully completed cycle, service needed, and operating temperature range of the tool
- Bright LED light helps to illuminate work area

- Crimp Connect™ software provides detailed reports of work done
- Guard rail helps to protect crimping head when crimping small diameter cable
- Easily accessible forward and reverse triggers for ease of use

SPECIFICATIONS

CABLE CAPACITY	750 CU / AL MCM
HANDLE CONFIGURATION	PISTOL GRIP
POWER TOOL TYPE	CORDLESS
TOOL HEIGHT	15.5 IN
TOOL WEIGHT	11.2 LBS

FORCE	6 TONS
MATERIAL	ALUMINUM
SYSTEM	20V MAX*
TOOL LENGTH	17.5 IN

INCLUDES

- DCE350
- (2) DCB204 4 Ah Li-Ion batteries
- DCE115 Charger
- Shoulder Strap
- Kitbox
