

Cat. No. 820

Cat. No. 821

High Voltage Push Buttons

820 & 821

FEATURES

- > Force fit (Cat. No. 820)
- > Locknut mounting (Cat. No. 821)
- > Convenient screw terminals
- > Normally open contacts
- > Chrome plated, heavy duty shell with black center

The Catalog 820 and 821 are rugged, fast break contact push buttons that operate regardless of how pressure is released. The Catalog 821 is ideal for mounting on thin metal panels.

Ideal for AC circuits where quick make is not a factor. The 821 may be used with 149-1 mounting plate. See page 10-11.

AGENCY APPROVALS

- > UL Recognized

SPECIFICATIONS

- > Rated at 250,000 operations at 1 amp, 125V
- > Cat. 820 hole dia: 3/4" (19mm)
- > Cat. 821 hole dia: 7/8" (22mm)
- > Hole depth: 1 3/4" (44mm)
- > Contact rating:
 - 12V: 15 amps AC
 - 24V: 15 amps AC
 - 48V: 10 amps AC
 - 125V: 5 amps AC
 - 250V: 5 amps AC
