

SAFETY RECALL NOTICE

OJ Electronics Inc is voluntarily recalling Heating System Thermostats that have a built-in GFCI for electrical, underfloor heating systems. The thermostats were sold under the following brand names:

Canisol, Elektra, Momento, OJ Microline, Raychem, Thermosoft, Warmly yours and Warmup.

Brand name is placed above the display or at the bottom of the thermostat.

The thermostat's floor sensor or its cable can be damaged from cutting, drilling, or nailing which poses a risk of electric shock to consumers if the power supply is not disconnected. Thermostats included in the recall are connected to 240V and 208V power supplies (120V units are not included in the recall).

For a free in-home repair, call OJ Electronics at:

800-380-6940

or go to www.ojelectronics.com

Post until October 30, 2009

In cooperation with the U.S. Consumer Product Safety Commission
